I dreamed a dream in time gone by

When hope was high

And life worth living

D D/C# Bm7 Bm/A

I dreamed that love would never die

And dreams were made and used and wasted

There was no ransom to be paid

No song unsung, no wine untasted

But the tigers come at night

With their voices soft as thunder

As they tear your hope apart

[Verse]

**D**                    **D/C#**                    **Bm**                    **Bm/A**  
He slept a summer by my side

**G**                    **G/F#**                    **Em7**                    **A**  
He filled my days with endless wonder

**D**                    **D/C#**                    **Bm7**                    **Bm/A**  
He took my childhood in his stride

**G**                    **Asus**                    **A**                    **D**                    **A/C#**                    **Am/C**                    **B**  
But he was gone when autumn came

**E**                    **E/D#**                    **C#m7**                    **C#m/B**  
And still I dream he'll come to me

**A**                    **A/G#**                    **F#m7**                    **B**  
That we will live the years together

**E**                    **E/D#**                    **C#m7**                    **C#m/B**  
But there are dreams that cannot be

**A**                    **A/G#**                    **F#m7**                    **B**                    **E**                    **E/D#**  
And there are storms we cannot weather

[Bridge]

**C#m7**                    **C#m/B**                    **A**                    **A/G#**  
I had a dream my life would be

**F#m7**                    **B**                    **E**  
So different from this hell I'm living

**E/D#**                    **C#m7**                    **C#m/B**  
So different now from what it seemed

**A**                    **B**                    **E**  
Now life has killed the dream I dreamed.

[Instrumental]

**E/D#**    **C#m7**    **C#m/B**    **A**    **B**    **E**
